FLEXIBILITIES AVAILABLE UNDER THE PRODUCT:**A. DEFERRAL OF SURVIVAL BENEFITS:**

At any point during the policy term, the policyholder shall have an option to defer the Survival Benefit(s), arising out of declared Cash Bonuses and/ or Guaranteed Income and accrue them instead.

The accrued Cash Bonuses and/ or Guaranteed Income payouts will be accumulated monthly at Reverse Repo Rate published by RBI on its website and this rate will be reviewed at the beginning of every month and will be aligned with the latest reverse-repo rate published on RBI's website. The current Reverse Repo Rate is 5.50%.

The policyholder can withdraw the accrued Cash Bonuses/ Guaranteed Income partly/ fully at any point during the policy term. If the unpaid Survival Benefits are not taken by the policyholder during the policy tenure, the same shall be payable along with benefits payable at the time of termination of the policy in the form of death, maturity or surrender. This option can be availed under an in-force as well as a paid-up policy.

The policyholder can choose to opt in or opt out of this feature at any point during the policy term.

B. SURVIVAL BENEFIT PAYOUT DATES:

Survival Benefits will be paid on policy anniversaries by default. Alternatively, the policyholder can choose to receive the survival benefits on any one date as per their choice.

In case the policyholder opts for a survival benefit date other than the policy anniversary, the survival benefit applicable for the first year when it is due, would be calculated by pro-rating the annual rate by the no of days between the policy anniversary and the date chosen by the policyholder.

This option needs to be selected at policy inception and cannot be changed during the policy tenure.

NON-FORFEITURE BENEFITS:

To enjoy the policy benefits, it is important that you pay all due premiums by the due date. This section details the benefits and limitations in case premiums are not paid during the term of the policy.

Grace period:

You get a grace period of 15 days for monthly frequency of premium payment and 30 days for other frequencies to pay the premium without any penalty. The policy is considered to be in-force with the risk cover during the grace period without any interruption. If premium is not received before the end of grace period, the policy will lapse or become paid-up.

In case of a valid claim during the grace period, before payment of due premium, the claim shall be payable after deducting the due modal premium.

Lapse, Paid-up and Surrender:

The policy shall acquire a Guaranteed Surrender Value (cash value) upon the payment of first two years' premiums

If a due premium is unpaid upon the expiry of the grace period, the policy shall:

- lapse if it has not acquired a Guaranteed Surrender Value
- become reduced paid-up if it has acquired a Guaranteed Surrender Value

In case of a lapsed policy, all the benefits shall cease and nothing is payable on death, maturity or surrender.

Once the policy becomes paid-up, the survival and death benefit payouts shall reduce as defined below:

Paid-up Maturity/Death benefit:

Once the policy becomes reduced paid-up, the guaranteed benefits, including guaranteed income under Deferred Income option, shall be computed by multiplying the guaranteed benefits as specified to the ratio of the number of premiums paid to the number of premiums payable (as chosen by the policy holder at inception) under the policy.

Under Immediate Income Option, once the policy becomes reduced paid-up, the Cash Bonus payouts (if declared) shall be stopped immediately until the end of the premium payment term and will start again after the end of premium payment term only.

The Cash Bonus payouts (if declared) shall also be scaled down by the ratio of the number of premiums paid to the number of premiums payable under the policy and can be calculated as:

Cash Bonus Rate x Annualized Premium x (Number of Premiums Paid/ Number of Premiums Payable)

Surrender:

The policy shall acquire a Guaranteed Surrender Value (GSV) upon the payment of first two years' premiums, irrespective of premium paying term.

The Surrender Value shall be the higher of:

- a) Guaranteed Surrender Value (GSV); or
- b) Special Surrender Value (SSV)

Plus, any accrued survival benefit, if not paid earlier plus interim survival benefit.

where,

GSV = Max (applicable GSV factor * Total premiums paid - Survival benefits applicable till date, 0)

SSV = Max (Applicable SSV factor * Total premiums paid - Survival benefits applicable till date, 0) plus Terminal Bonus (if declared)

For details on GSV percentage, please contact our financial consultant.

On payment of the Surrender Benefit, the policy will terminate and no more benefits will be payable.

You can revive your lapsed/paid-up policy within the revival period (specified below) subject to the terms and conditions we may specify from time to time. For revival, you will need to pay all the outstanding premiums and interest on the outstanding premiums and taxes and levies as applicable. Interest rate will be as prevailing from time to time. The current rate of interest for revival is 9.5% p.a.

Please contact our Customer Service department to know the applicable interest rate.

The revival period shall be of five years from the due date of the first unpaid Premium and before the expiry of the Policy Term.
